August 13, 2010

Dear Mr. Kyle,

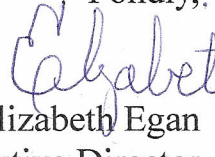

I regret the delay thanking you for the furniture and the delivery of the furniture to Main Street Child Development Center. It has made a cozy reading spot for our children's library. Main Street Child Development Center is a non-profit for limited income working families in Fairfax County and Fairfax City. Thank you for your generosity.

*You do make a difference
far more than some might guess,
so thank you for all of your help-
you bring us both hope and success.
